SALTON

BRAZILIAN **EFFERVESCENCE**

The most consumed sparkling wine in Brazil

The 114-year-old Família Salton is the oldest winery in activity in Brazil, leading the national sparkling wine market since 2005 (NIELSEN). It was the first and only Brazilian brand to conquer the top ranking in the Brazil Wine Brands Power survey (Wine Intelligence, 2018).
Its labels, marketed in more than 30 countries, accumulated around 200 national and international awards in the last three years. A reference in sustainability, Família Salton has an Innovation, Research & Development Center that, in partnership with universities, designs innovative solutions to the industry, ensuring the best practices and encouraging the development of the entire wine chain in Brazil.

With an extensive and diversified portfolio, the company's operations are divided into five business units: Vinícola Salton and Casa di Pasto Família Salton, in Bento Gonçalves (RS); Azienda Domenico, in Santana do Livramento (RS); Enoteca Família Salton, in São Paulo (SP); and Complexo Presidente, in Jarinu (SP).

DOMENICO

Reserva da Família Salton

Domenico – Reserva from Família Salton is our **concept brand**. Its name honors the immigrant Antonio Domenico, patriarch of the founders of Vinícola Salton, who arrived in Brazil in 1878.

They are special products, produced through experimentation, where winemakers are free to rethink the processes at each stage, and make small changes to express the uniqueness of each element involved, from the soil to the fruit, from fermentation to maturation.
